## ON THE FIELD

### Beltpac & Headset

- 1 Insert headset plug all the way into connector
- 2 Press and release PWR (power) button
- 3 Put headset on and adjust volume
- 4 Clip belt pac on your belt

### All-In-One Headset

- 1 Press and release PWR (power) button
- 2 Put headset on and adjust volume
- 3 Adjust slide to fit head

## Operation

Use the controls on the belt pac or the all-in-one headset as follows:

- PWR** or Turn power on/off
- Increase headset volume
- Decrease headset volume

- Speak to Offensive Coaches
- Speak to Defensive Coaches
- Speak to All Coaches

## Change Battery

If you hear "Change battery" in your headset:

- If using belt pac, remove it from its pouch
- Slide battery release latch in direction of arrow
- Lift battery out of belt pac or headset
- Place battery in battery-charger port for recharging
- Install fully charged battery in belt pac or headset
- If using belt pac, put it back in its pouch
